

**WEEKLY REFLECTION**

NAME \_\_\_\_\_

Today's date \_\_\_\_\_

1. What were the most notable challenges in completing this week's assigned work in this course?  
Organize them by these areas:  
    Computerese:  
  
    Java:  
  
    Programming concepts:  
  
    Time-management:
2. To what extent was your effort towards this course hampered by the demands of other courses?
3. To what extent was your effort towards this course hampered by the demands of extracurricular activities?
4. Do you feel you were sufficiently alert and able to concentrate in class this week?
5. Is your motivation for this course relatively high? If not, why do you think your level of motivation is low?
6. Did you start early on the assignments and deliverables for this course? When exactly?
7. What did you learn this week? What concepts, ideas or details did you think you've successfully learned this week?
8. What do you think you need to revisit or get more help in understanding?
9. If you think you needed help, have you visited office hours, the TA, or the tutors?
10. Did you read the course modules (covered in class this week) twice?
11. Did you complete the in-class exercises in those modules?
